LIST "D"

The following arrangements are all in manuscript, and are the meticulous work of Peter and Donald Benn. Most, including Donald Benn's arrangements, bear the stamp "P. BENN 16 BROADWAY". They are assumed to date from the 1950s, when they constituted part of the repertoire of the band resident in the Embassy Ballroom, Blackpool – (now part of the Pontin's organisation). Some of the Peter /Donald Benn arrangements have already been included in the preceding lists*, but the following body of work has been kept separate, as it appears to represent a further set of three programmes, one coded alphabetically, and the other two designated "SA" and "C" respectively (possibly "Small Arrangement" and "Concert"??), each with its numbering system. Original compositions by Peter and Donald Benn are entered in bold print. If anybody remembers this scene, I would be glad to have these details confirmed, and indeed hear more. Thank you. Andy Leggett - andyleggett@talktalk.net
